

INTRODUCTORY.

The publisher takes pleasure in presenting to the citizens the City Directory of New Albany and Jeffersonville, for the year 1884. The great floods of 1882 and 1883, have had a retarding influence on the growth of population in the two cities as compared with the years 1880 and 1881. It is natural that the literal drowning out of a city for two consecutive years by a great and uncontrollable flood, as in the case of Jeffersonville, should produce a disheartening effect upon its inhabitants, particularly those who are "to the manner born," owning their own homes and firesides; and upon the merchant and manufacturer who have capital invested in their business, and different enterprises. Such disasters will, in a much greater degree serve to keep away the "stranger from entering the gates," and the investment of foreign capital in new enterprises..

As soon, however, as it is proved that these great floods are phenomenal and exceptional, and not likely to occur again, even in the memory of the present youngest inhabitant, should he live a century, or as soon as it is known that adequate provision has been made by the building of a levee to keep the flood out of the city, confidence will be restored, and the activities of business will bring prosperity, and a quickened growth to the two cities. Jeffersonville has suffered far more from the floods than New Albany, and the injurious effect upon her population and growth is greater than that of her sister city. The pages of the Jeffersonville Directory contain 4,624 names as against 4,394 in 83, multiplying the number by 3 gives a population of 13,872, as against 14,772 two years ago. For the city of New Albany, 8,014 names appear, showing an increase of 1,122 in the past two years, making the population 24,042, an increase of 3,366.

Mr. Stephen D. Smith, has had charge of the canvass and compilation of the work, and his carefulness and accuracy will be evident to all by a consultation of its pages.

C. K. CARON.

Over \$40 and not exceeding \$50.....	\$1 00
	15 cents
	30 cents
	45 cents
	60 cents
	75 cents

UNITED STATES POSTAL REGULATIONS.

FIRST CLASS MAIL MATTER.

This class includes letters, postal cards, and anything sealed or otherwise closed against inspection, or anything containing writing not allowed as an accompaniment to printed matter, under class three.

Postage, 2 cents each half ounce or fraction thereof.

On local or drop letters, at free delivery offices, 2 cents. At offices where no free delivery by carrier, 1 cent.

Prepayment by stamps invariably required.

Postal cards 1 cent.

Registered letters, 10 cents in addition to the proper postage.

The Postoffice Department or its revenue, is not by law liable for the loss of any registered mail matter.

SECOND CLASS.

This class includes all newspapers, periodicals, or matter exclusively in print and regularly issued at stated intervals as frequently as four times a year, from a known office of publication or news agency.

Postage 2 cents a pound or fraction thereof, prepaid by special stamps.

Publications designed primarily for advertising or free circulation, or not having a legitimate list of subscribers, are excluded from the pound rate, and pay third class rates.

THIRD CLASS.

Mail matter of the third class includes books, transient newspapers and periodicals, circulars, and other matter wholly in print, legal and commercial papers, filled out in writing, proof sheets, corrected proof sheets, and manuscript copy accompanying the same.

Manuscript unaccompanied by proof sheets, letter rates.

Limit of weight, 4 pounds each package, except single books—weight not limited.

Postage, 1 cent for each 2 ounces or fractional part thereof, invariably prepaid by stamps.

FOURTH CLASS.

Embraces merchandise and all matter not included in the 1st, 2d, or 3d class, which is not liable to injure the mail matter. Limit of weight, 4 pounds.

Postage, 1 cent each ounce or fraction thereof, prepaid.

All packages of matter of the 3d or 4th class must be so wrapped or enveloped that their contents may be examined by the postmaster without destroying the wrappers.

Matter of the 2d, 3d, or 4th class, containing any writing, except as here specified, or except bills and receipts for periodicals, or printed commercial papers filled out in writing, as deeds, bills, etc., will be charged with letter postage, but the sender of any book may write names or addresses therein, or on the outside, with the word "from" preceeding the same, or may write briefly on any package the number and names of the articles inclosed.

POSTAL MONEY ORDERS.

An order may be issued for any amount, from one cent to \$100, inclusive, but fractional parts of a cent cannot be included.

When a larger sum than \$100 is required, additional orders must be obtained; but no more than three orders will be issued in one day from the same post office to the same remitter in favor of the same payee.

POSTAL NOTES.

The uniform fee for a Postal Note is three cents.

All communications to Government officers, and to or from members of Congress, are required to be prepaid by stamps.

Under a provision of the existing postal arrangements between the United States and the Dominion of Canada, in pursuance of which the full prepayment of the domestic postage rates of either country upon letters addressed to the other secures their delivery in the country of destination free of charge, the reduced rate of United States postage on first class matter (2 cents per one-half ounce) applies also to ordinary letters sent in the mails from this country to Canada.
